Instructions for basic corner bookmark

1. Fold the square paper across the diagonal to make a triangle.
2. Rotate to bring the long edge parallel, and then bring the right corner up to meet the top corner.
3. Repeat with the left corner. You should now have a smaller diamond with a line down the middle.
4. Open up the last two folds.
5. Fold down the top corner – only take the top layer of paper.
6. Bring the right corner back up and fold into the flap.
7. Repeat with the left corner.

You have your basic bookmark made. Now let's make it into a puppy.

1. Cut a small piece off the very bottom of your corner bookmark where all the folds are. This will be your mouth. You will have a tongue peeping out.
2. Cut out the brown ears, spots, and tail. Look at the picture and glue them in place.
3. Cut out the black nose. Using the picture as a guide, glue it in place.
4. Cut out the pink mouth and glue it where you cut the corner off.
5. Add some black eyes like they did in the picture and you are done!
